

FLORIDA TAX CREDIT

Scholarship Program

FEBRUARY QUARTERLY REPORT

2011

The Florida Tax Credit (FTC) Scholarship Program was established in 2001 to encourage private, voluntary contributions from corporate donors to non-profit scholarship funding organizations (SFO) that award scholarships to children from low-income families. A corporation can receive a dollar-for-dollar tax credit up to 75% of its state income tax liability. The program has since been expanded to provide credits against the insurance premium tax for contributions to eligible non-profit SFO's, credits against severance taxes on oil and gas production, self-accrued sales tax liabilities of direct pay permit holders, and alcoholic beverage taxes on beer, wine, and spirits. The maximum amount the state may award is \$140 million in credits for the 2010-2011 fiscal year. This program expands educational opportunities and school choice for children of families that have limited financial resources.

Next quarterly report will be available: July 2011
