The Florida Tax Credit (FTC) Scholarship Program was established in 2001 to encourage private, voluntary contributions from corporate donors to non-profit scholarship funding organizations (SFOs) that award scholarships to children from low-income families. The program has since been expanded to include credits against the insurance premium tax for contributions to eligible non-profit SFOs, credits against severance taxes on oil and gas production, self-accrued sales tax liabilities of direct pay permit holders, and alcoholic beverage taxes on beer, wine, and spirits. The maximum amount the state may award is $873 million in credits for the 2018-19 fiscal year.

Contributions Help Provide Choices for Parents

During the 2017-18 school year, scholarships in the amount of $641 million were awarded to a total of 108,098 students enrolled in 1,818 participating Florida private schools, which reflects an enrollment increase of over 9% from the previous school year.

Please visit the School Choice Web site for more information on the FTC Scholarship Program.

Scholarship Funding Organizations and Private School Partners

Scholarship Funding Organizations (SFOs) are responsible for the receipt and distribution of contributed funds to eligible students attending participating Florida private schools. Scholarships are awarded to low-income students to attend a private school or assist with transportation costs to attend a public school in an adjacent district. In 2017-18, the scholarships to attend an eligible private school were worth $7,208 for tuition and fees. Step Up For Students and AAA Scholarship Foundation were the two SFOs eligible to participate in the FTC Scholarship program for the 2017-18 school year.
