Overview

Thank you for your interest in this unique educational option.

Step Up For Students (SUFS) is a private, nonprofit organization and an approved Scholarship Funding Organization (SFO). In addition to the Gardiner Scholarship Program, SUFS also administers the Florida Tax Credit (FTC) scholarship which provides K-12 private school scholarships for students from low-income families.

The Gardiner Scholarship program (formerly known as the Personal Learning Scholarship Accounts or PLSA) is a unique program for children with special needs. The scholarship allows parents to personalize the education of their children by directing money toward a combination of programs and approved providers. Florida became the second state in the nation, after Arizona, to create an education savings account program for children with special needs in 2014. In 2016, the Florida legislature renamed the program in honor of Florida Senate President Andy Gardiner and his family. Gardiner and his wife, Camille, have championed the cause of children with unique abilities for many years. The Gardiners have two daughters and a son, Andrew, who has Down syndrome.

The sections following this introduction will guide you as you provide for students receiving Gardiner Scholarship funding.

Qualifying for the Gardiner Scholarship Program

The Gardiner Scholarship is available to students ages 3 to 22 with the following diagnoses: Autism spectrum disorder, Muscular dystrophy, Cerebral palsy, Down syndrome, [Phelan-McDermid syndrome](#), Prader-Willi syndrome, Spina bifida, Williams syndrome, Intellectual disability (severe cognitive impairment), or three, four or five year-olds who are deemed high-risk due to developmental delays. While families must only qualify for the scholarship in their first year, SUFS requires families to submit applications every year after initial eligibility to confirm continued interest in program participation.

*Private schools working with families to complete their eligibility application process please note: The application process **must** be completed by the parent/guardian. Providing access to a computer, copier or fax machine is a great way to assist, but taking possession of confidential documents in order to submit them on behalf of the parent is **strongly discouraged**.*

For more detailed information regarding program eligibility, please refer to the [Parent Handbook](#).

Funding for the Gardiner Scholarship Program

Funding for the Gardiner Scholarship program comes from the State of Florida. When a student has been found eligible, the Department of Education reviews the student's records to ensure they are not enrolled in one of the other state scholarship programs or in a Florida public school program. A student cannot be funded through the Gardiner Scholarship program if they are using other state scholarships or are enrolled in a Florida public school program. Once final eligibility is verified, the funding is sent to the SFO to be held in escrow for the use of the student for his/her educational needs. Any unused funds may roll forward from one year to the next, but use of the funds is strictly at the discretion and approval of the student's parent or guardian.

Funding is prorated based on the date the student is found eligible by the SFO.

- *Eligible on or before September 1 = 100%*
- *Eligible on or before November 1 = 75%*
- *Eligible on or before February 1 = 50%*
- *Eligible on or before April 1 = 25%*

Tuition and Fees Associated with Programs Offered by Approved Voluntary Prekindergarten Education Program Providers

Gardiner Scholarship students must enroll as *private-pay* students, and cannot receive public funding for the VPK program. Tuition and fees must be for the 2016-17 program year, must be for the educational needs of the student, and may cover a full-day program. School lunch and other fees that are not mandatory or are not educational are not covered by the Gardiner Scholarship Program.

A Gardiner Scholarship student may be in a class mixed with students who are funded through other state programs such as VPK, VPKIS, or Head Start. However, please note, the Gardiner Scholarship student must enroll with the VPK provider as a student who is *privately paying* for tuition and fees, and cannot be counted or reported to the Early Learning Coalition to receive public funding for the VPK program. If the Gardiner Scholarship student is funded through the VPK program, the scholarship may be lost and the parent may be responsible for repaying funds to the student's Gardiner Scholarship account.

Tuition and Fees Associated with Programs Offered by Approved School Readiness Providers

A student may continue to receive federal funding for a school readiness program if they are between the ages of 3 and 12. However, if a student is receiving simultaneous services funded through the Florida Education Finance Program (FEFP), such as a VPK program, the student is considered to be enrolled in public school, and the student will lose eligibility to participate in the Gardiner Scholarship Program and any remaining funds in the account will be returned to the State of Florida.

Under this category, the Gardiner Scholarship student **may** participate in the VPK program by enrolling as a private pay student.
