

UNLOCK OPPORTUNITIES FOR YOUR STUDENT: USE CONTRACTED PUBLIC SCHOOL SERVICES

Imagine giving your child access to even more learning opportunities, with the freedom to choose from public school district and charter school services, all without the need to enroll. By using services from a **Contracted Public School Provider** (either from a public school district or a charter school) you can customize your student's education like never before. Everything is paid directly through the EMA Marketplace, so it's fast, simple, and stress-free.

This isn't just an extra option, it's a game-changer for families who want flexibility and choice. Whether your child needs advanced courses, career-focused programs, or enrichment activities, services offered through a Contracted Public School make it possible to build an education that fits your student's unique goals. And because everything runs through EMA, you can skip the paperwork and focus on what matters most: helping your child thrive.

Key Advantages of Using a Contracted Public School Provider

Their services let your scholarship student tap into high-quality public school offerings — technical education (CTE) programs, electives, AP courses, career training, clubs, and more — without having to enroll. And the best part? You can use your scholarship funds to pay directly through EMA.

What you get: No out of pocket costs, no waiting for reimbursements, and access to learning options that work for your child.

By partnering with participating schools and districts, you gain confidence knowing your child is receiving quality instruction, structured learning experiences, and opportunities that align with your future education goals.

Contracted Public School Services: Flexible Options to Support Your Child's Learning

With Contracted Public School Services, you can personalize your child's education by:

- Browsing a wide range of tutoring, virtual classes, AP courses, CTE programs, enrichment activities, and more
- Selecting flexible, accessible options that complement your student's current learning environment and goals

How to Get Started: Log into EMA › Open the EMA Marketplace › Select your student › Choose **Contracted Public School Services** from the Service Category dropdown. Then explore the available options and pick the services that best support your child's needs.

Benefits for Using Contracted Public School Services

- **Stretch your scholarship dollars further** by adding public school services
- **No enrollment hassle**, so you keep your current school while adding extras
- **Freedom to choose** from any participating school or district across the state, regardless of your location
- **Virtual or in-person options** to fit your schedule
- **Electives, AP courses, clubs, career training & more**
- **Direct payment through EMA** keeps things simple and convenient
- **Meet future goals and current needs** for your child
